

FROM THE LEADERSHIP TEAM

Do you remember the local arrangement at the end of August when we embarked on a spiritual meal of five courses and at coffee time enjoyed cake and mints. Thank you to Chris for all the research and to Sue for the visuals on the screen.

In October the leadership team will again present the Service. Many thanks to Chris for finding the theme, readings and hymns and organizing the service.

For the MHA service when the preacher was unable to join us the leadership team used the set service which highlighted their befriending service and included videos. As a congregation we then turned to the person sitting next to us and discussed the value of our friends now and from the past. MHA envelopes were available for a special collection.

Rev. Dave led our Harvest Service referring to the Rev. Robert Stephen Hawker of Morwenstow in Cornwall as being credited with inventing Harvest Festival, coincidentally Chris a member of our congregation came from Morwenstow. The altar table was beautifully decorated as

usual by Janet with the window sills covered by Wendy
thank you to them both and to everyone for all the
donations given for the Liphook Food Bank.
